Dear Mr. Minnick,

I am writing to request public records. I also left you a voice mail, please feel free to call me back at: 205-500-1160.

I am requesting an opportunity to obtain copies of public records requests made to the Arizona Department of Public Health for abortion reports and abortion complications reports submitted by any and all persons and non-governmental agencies since January of 2011.

I am also requesting any records / responses sent in response to those public records request(s).

I am a journalist working for Type Investigations, and, therefore, I request that fees be waved, as this request is in the public's interest.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act.

Thank you so much for your assistance.

**Re: Complaint Against Planned Parenthood AZ, Inc. and Request for A
 Copy of All Reports Submitted by Planned Parenthood Arizona, Inc. Tempe
 Facility From December 2013 through February 2014**

Dear Mr. Humble:

On August 7, 2014, we submitted a formal complaint against Planned Parenthood AZ, Inc., to you and your agency to for review. We specifically requested that, pursuant to the Women's Health Protection Act (HB 2284) which took effect on July 24, 2014, your agency immediately investigate the Planned Parenthood Arizona facility in Tempe, as well as all other Planned Parenthood AZ facilities in the State of Arizona.

The Women's Health Protection Act authorizes your agency to immediately inspect and investigate an abortion facility if there is "reasonable cause" to believe that the abortion facility is not adhering to licensing requirements, or any other Arizona rule or law regarding abortions. Arizona law, specifically A.R.S. § 13-3620, unequivocally requires that Planned Parenthood must immediately report allegations involving the sexual assault on a minor to law enforcement. We provided you with sufficient information to initiate an investigation due to the allegation that arose during the investigation of Tyler Kost that a counselor at the Planned Parenthood facility in Tempe deliberately miscoded and failed to report the rape of a minor. In May, the Pinal County Sheriff had also requested that Planned Parenthood be investigated for the very same allegations and offered assistance in doing so.

It is your agency's obligation to thoroughly investigate Planned Parenthood AZ for failing to report the sexual abuse of a minor and all related allegations so as to ensure that Planned Parenthood AZ is held accountable for violations of A.R.S. § 13-3620, and any other applicable laws and rules. Arizona's children deserve to be protected and Arizona citizens deserve to know that the laws that have been implemented for their safety are being properly and thoroughly investigated and enforced.

We have received no response from you or your agency regarding our complaint. We are aware that our complaint was received, but would appreciate the courtesy of a formal acknowledgement that the allegations contained in the complaint are in fact being investigated so that we may advise our clients.

Arizona Department of Health Services Complaint

ALLIANCE DEFENDING FREEDOM

Additionally, as you know, A.R.S. § 36-2161 requires abortion providers to file a report that includes the reason for an abortion. It is entirely reasonable to conclude that a provider who falsifies a rape in order to make it appear as a consensual encounter would also provide false information in this mandatory report that is submitted to your agency. Consequently, pursuant to Arizona Public Records law, A.R.S. § 39-121 to § 39-122, we request that you promptly provide us with copies of reports submitted by the Planned Parenthood Arizona, Inc. facility in Tempe, located at 1205 E. Apache Blvd., Suite 108, Tempe, AZ 85281, pursuant to A.R.S. § 36-2161. We are specifically seeking any reports relating to abortions performed on January 4, 2014, but would also like copies of all reports for that facility for abortions performed during December 2013 through February 2014. If there is a cost for copies of such reports, please let us know. If possible, please provide electronic copies of the requested records via email to: ndecker@alliancedefendingfreedom.org.

Re: Public Records Request-Planned Parenthood Reports

Dear Ms. Decker:

On behalf of the Arizona Department of Health Services (“ADHS”), I am responding to your public records request received by ADHS on August 29, 2014 (“Request”). In your Request you ask for “copies of reports submitted by the Planned Parenthood Arizona, Inc. facility in Tempe, located at 1205 E. Apache Blvd., Suite 108, Tempe, AZ 85281.”

Dear Holly:

Pursuant to ARS. Sec. 39-121 through 39-121.03, the Arizona Public Records Law, I formally request that you, in your official capacity, make available to me the following documents:

- All abortion procedure reports for July 2015.
- All abortion complication reports for July 2015.
- All public record requests for abortion procedure and/or complication reports from 2010 to present; and the outcome of those requests.

For the July 2015 procedure and complication reports, I would like those reports in digital form. If that is not possible, I am requesting to view those reports. I am NOT requesting print copies at this time. For the public records requests, please include the original records request and note the outcome. I would like those in digital form as well, if possible. If that is not possible, please let me know how many of those requests there are before moving forward with print copies. This request, made in my position as a reporter for The Arizona Republic, is for a non-commercial purpose. I would be willing to pay reasonable costs up to \$50. If the costs are expected to be more than that amount, please telephone me at 602 444 4947 before incurring the costs.

Please provide me a response to my request by no later than the close of business on Friday, Sept. 4, 2015.
I strongly believe that the foregoing documents are of vital interest to the public.

Thank you for your assistance.

Feb. 29, 2016

In accordance with the Arizona Public Records Law (A.R.S. Sec. 39-121 through 39-121.03), I write to request that you make available for inspection and copying the following public records:

- The abortion report(s) for the dates between Feb. 26-28, 2016. I'm specifically looking for the report that stemmed from the facility at 1331 N. 7th street, during these dates, that involved a failed abortion and baby that was transported to Banner-University Medical Center in Phoenix.

As you know, this request is made in my capacity as a journalist for a non-commercial purpose – specifically gathering and reporting news to the public.

If you can provide copies of the records electronically, please send them to me at this email address. If they can be made available by disk, I would be happy to make arrangements with you to pick up a copy. I will pay reasonable costs of photocopying or reproducing records, up to \$100. If you anticipate that copying costs will exceed \$100, please call me or reply to this email before incurring any excessive duplication charges.

As you know, the “public records” are broadly defined by Arizona law. All public records are presumed open to public inspection, absent a specific statutory exemption to the contrary. As the Arizona Attorney General’s Office has observed, any doubts about the scope of the public’s right of access “should be resolved in favor of disclosure.”

If you believe that portions of the records sought are exempt from disclosure, the law requires that you segregate or redact those portions of the records and make the non-exempt records available for inspection and copying. If you believe that any of the records are not subject to inspection, please provide a brief written explanation of the basis and authority for withholding the records.

The Arizona Public Records Law requires that public bodies provide access to public records “promptly.” Accordingly, I request that you make these records available for inspection and copying by 5 p.m. on Feb. 29, 2015. If you will be unable to meet this deadline, please contact me as soon as possible so we can discuss the reasons for any delay.

Thank you for your anticipated cooperation.

Re: Response – February 29, 2016 Public Records Request

Dear Ms. Cassidy:

On behalf of the Arizona Department of Health Services (“ADHS”) I am responding to your public records request received by ADHS on February 29, 2016 (“Request”). In your Request you ask for “abortion report(s) for the dates between Feb. 26-28, 2016,” specifically “the report that stemmed from the facility at 1331 N. 7th [S]treet, during these dates, that involved a failed abortion and baby that was transported to Banner-University Medical Center in Phoenix.” You later amended your Request to also include information regarding “any other aborted living fetuses in Arizona.”

Please be advised that a report filed pursuant to Arizona Revised Statutes (“A.R.S.”) Title 36, Chapter 20, Article 2, “is not a public record and is not available for inspection.” See A.R.S. § 36-2163(D). Further a person who “wilfully discloses any information obtained from reports filed pursuant to [A.R.S. Title 36, Chapter 20, Article 2] . . . is guilty of a class 3 misdemeanor.” See A.R.S. § 36-2163(F). Accordingly, ADHS is prohibited from confirming or releasing the requested information to you, if any, or from commenting on whether such a report exists at all.
